

WORLD GEOGRAPHY BOWL Round Robin Pairings Eleven Teams

Round Robin Event: Every team plays every other team. There will be five simultaneous competitions continuing for ELEVEN rounds of questions. Each team will have one BYE round. Teams will have to relocate to different rooms for each round. All Round Robin Event ties will be determined by a sudden death toss-up question. The two teams with the best win/loss records from the Round Robin competition will meet for the Championship Round. In the event of a win/loss record tie, total points will determine which team goes to the Championship round.
